Meandering

By WASH FAYETTE

This is for the very, very few of you folks who use that tin can receptacle on the Court-house lawn as a dumping place for your tin cans without preparing them, as so often requested before they can be de-tinned.

I notice that occasionally a paper bag of tin cans or can lids is placed in the bin, with no attempt made to remove the ends of the cans and mash the ends together. If the owners know that the cans are to be prepared before leaving in the bin and deliberately leave them in the bin, then they certainly lack patriotism as well as a sense of fair play. If they do not know the cans are to be prepared, then they should learn how immediately.

Salvage heads point out that they do not want cans that are not prepared and they are not a clearing house for rubbish. The cans must be prepared and Uncle Sam wants every tin can that can be salvaged to help provide vital tin for the war effort.

Even the common, everyday pin has felt the shortage of manpower, paper or whatnot. . . yes sir, no longer can you buy a "paper of pins" for they're just not put up that way anymore.

Recently in one of the stores here, the girls were busy weighing them out into five cent parcels and putting them into small envelopes. . . the shipment of pins had been received in bulk. . . The average shopper wishes only a small quantity at a time and this store is spreading out the available supply of pins by taking the time to package them.

When it's all over, . . . and the world settles down again to normal living, . . . what a lot of memories we'll have about "remember when, . . . or how, . . . or why" and then some peculiar or unusual method or regulation will be recalled. . . and we'll all have a good laugh!

I like to see the "good neighbor policy" not only between nations, but between neighbors of this community, and the county is literally alive with good neighbors who are always ready to do a good turn when occasion arises.

For instance take that group of 20 members of the Fayette Grange, all of whom had plenty of work to keep them busy at home, but they left it, assembled at the J. F. Fuls home a few miles northwest of Washington C. H. one day recently and started in husking his stalk corn.

Completing the work of husking his stalk corn, they started in his shock corn and started a sizeable area of one field before the day was over. They also hauled the corn to market for him.

J. F. has been confined to his room for sometime with sciatic rheumatism and had been unable to do his work, so the "good neighbor" work kindled a new glow in his heart and increased his appreciation of the neighbors who showed their helpfulness in such a material way when it was so badly needed.

And every man who took part in the work got just as much thrill out of it as J. F. did in having them do it.

Verily, "a friend in need is a friend indeed."

KNOX GIVES PRAISE
TO WAR REPORTERS

WASHINGTON, Nov. 2.—(AP)—Secretary of the Navy Knox praised war correspondents today for a "very unusual job," saying "this war is better reported than any war ever was."

He said there was a "spirit of adventure among these babies who like to get right up to the front." But added there probably is an "excess of enthusiasm" leading correspondents to the front lines where some have been killed and many injured.

"It is just as important for correspondents to stay where they can write as it is for commanding officers to stay back where they can direct operations," he said at a news conference.

All Allied Countries Have
Praise for Allied Unity
Developed at Conference

By JAMES D. WHITE
WASHINGTON, Nov. 2.—(AP)—The sweeping Moscow agreement was viewed here today as the greatest single blow to German hopes of victory that the war has produced.

Unequivocal Allied unity—in war and after the war—now confronts a beleaguered Nazi regime which recently has placed all its chips on prolonging the conflict by dividing the Allies against themselves.

The reply from Moscow seems to be clear. There is no division, and it is the sense of the four-power conference that there shall be none.

Secretary of State Hull, Foreign Minister Anthony Eden and Foreign Commissar Vyacheslav Molotov, said the joint communique, had military experts along who discussed definite operations "already decided upon and now being prepared" to create a basis for the closest military cooperation in the future among Britain, Russia and the United States.

Nazis Dumbfounded
The announcement apparently burst upon the Nazis before they could prepare ready-made propaganda counterblasts.

In a silence which appeared paralytic, the Nazi radio said nothing of the momentous Moscow decisions for several hours except to quote straight from British broadcasts.

It was conjectured here that military understandings reached at the conference were incidental to the political agreements. Gains in the military field appeared to reside in a better Russian understanding of Allied supply problems and a more closely meshed overall Allied strategy from now on.

While the conference is regarded as likely to hasten the end of the war by confronting the Germans with a wall of Allied unity and by stirring up rebellion against the Nazis all over Europe, the four-power joint declaration in which China joined is considered here to be the historic milestone for which the meeting will be remembered the longest.

Crisis for Satellites
This agreement not only settles upon joint prosecution of the war until "those Axis powers with which they (the United Nations) are respectively at war have laid down their arms on the basis of unconditional surrender," but projects the close cooperation in

LEWIS IN CONFERENCE WITH IKES
WASHINGTON—President John L. Lewis of the United Mine Workers conferred with U. S. mine boss, Harold L. Ikes for 45 minutes this morning as American flags were raised again over the nation's strike-paralyzed coal workings, signally government seizure for the second time this year.

Coal Mines Taken Over By Government
With Order To Dig Coal Or Face Penalty

WASHINGTON, Nov. 2.—(AP)—For the second time this year, the government took over operation of the nation's strike-paralyzed coal mines today and the seizure put the United Mine Workers' union leadership in this position:

1.—Order the strikers to dig coal again, immediately, or—
2. Sit tight and face the possibility of severe penalties under the war disputes act which out-

lines punishment for anyone who encourages a strike against a government-operated industry in wartime.

The UMW's 200-man policy committee meets late today to make its choice. A back-to-work order was considered highly possible.

UMW President John L. Lewis, by delaying action for one day on a coal walkout that is nearly 100 percent effective,

forced the issue yesterday when President Roosevelt ordered the seizing of the mines. There was a concession however from the government—in the president's words:

"Because I appreciate the desire of the miners to work under a contract, I have authorized the secretary of the interior to enter into collective bargaining contracts with representatives of the miners to

govern the terms and conditions of employment during the period of government operation. Such contracts will be made in accordance with the recent opinion of the National War Labor board and will be subject to its approval in accordance with the provision of the war labor disputes act."

This satisfied, at least in part, the demands of Secretary

him broader authority to deal with the miners than he had when he was mine boss last summer, and it offered Lewis an opportunity to negotiate with an individual, who has proven friendly to the miners, and is within the administration, instead of with divergent group of operators.

Powerful American Forces Invade Strategic Bougainville
Island Under Naval and Aerial Bombardment Cover;
Nips Fooled and Yanks Meet Slight Opposition

ALLIED HEADQUARTERS IN THE SOUTH PACIFIC, Nov. 2.—(AP)—The master stroke to crush Japan in all the Solomons, expose Rabaul to frontal assault and ultimately burst open the sea lanes to the Philippines was developed today by powerful American invasion forces on Bougainville.

Troops of Adm. William F. Halsey leaped from landing barges Monday at dawn, 45 miles up the west coast of that heavily garrisoned enemy base. Under naval and air

cover, they captured Empress Augusta Bay against scant opposition and imperilled by-passed Japanese troops and air fields on the south shore of that 3,400 square mile island.

The move completely fooled the Japanese army. The enemy's mauled Solomons airforce, with scarcely any useable fields, was unable to interfere. The Japanese navy was defied by Gen. Douglas MacArthur to put in its appearance and risk disaster under the bombights of "all my heavy bombers."

"If the Japanese fleet comes out against us, I will welcome it," confidently asserted the general.

The invasion of Bougainville at a point only 35 miles from the enemy's pivotal sea-air stronghold of Rabaul accelerated an offensive whose strategy was worked

PRESIDENT AT HOME
TO CAST HIS VOTE

HYDE PARK, N. Y., Nov. 2.—(AP)—President Roosevelt exercised the American right of the secret ballot in the old town hall here today—but it was no secret for whom he voted in the only election of state-wide interest.

Mr. Roosevelt drove up to the white frame town hall shortly before noon, went inside and gave a cheerful "good morning" to the election board.

"Name, please?" inquired Emma Crapser, election inspector, who has been going through the same routine for years.

"Franklin D. Roosevelt."

"Occupation?"

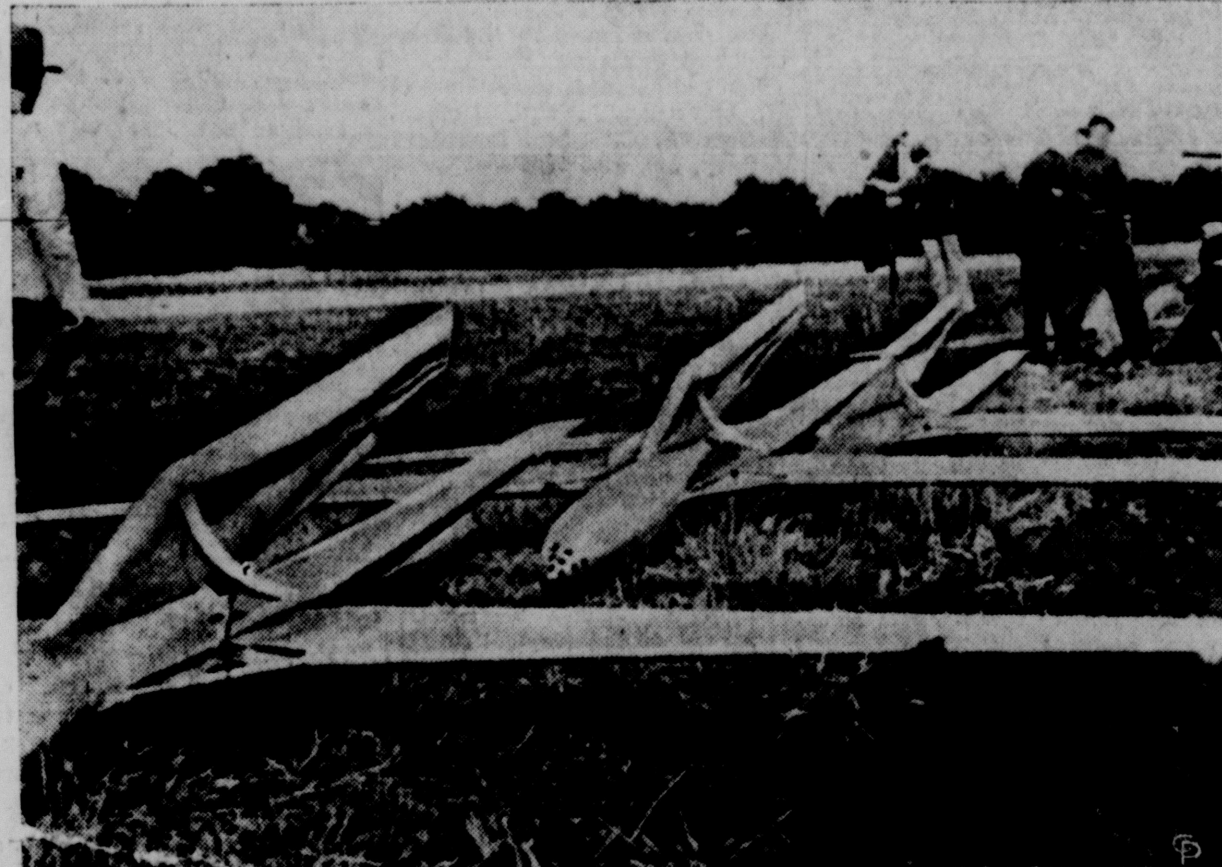

"I think this time I'll say tree grower. I'm growing more trees than I am farming."

Always before Hyde Park's most distinguished resident has identified himself as a farmer.

CHINA GETS HELP
FROM YANK FLIERS

CHUNGKING, Nov. 2.—(AP)—Maj. Gen. Claire L. Chennault's far-striking airmen again have gone to the support of Chinese forces, this time in central China, where they bombed a Japanese motor park and barracks at Shayang, a town on the Han River, 100 miles west of Hankow, Lt. Gen. Joseph W. Stilwell's headquarters disclosed today.

Twin-engined Lightnings dive-bombed shipping and docks at the Yangtze River port of Kiukiang, east of Hankow, causing large fires in the target area. Two of a batch of attacking Zeros were shot down, the communique added.

SMUGGLED OUT OF GERMANY, this picture shows first closeup view of the Germans' newest secret weapon, the rocket glider. According to some reports it was used against Allied ships during the invasion of Italy. The rocket glider is launched from an airplane and is said to be directed by radio. Although the Nazis haven't tried it yet, there have been rumors of long range rocket gliders that could be used to bomb London from Germany. (International Soundphoto)

Disposition Of War Material
Is Worrying Small Business

WASHINGTON, Nov. 2.—(AP)—Immediate congressional action to bring about orderly disposition of an estimated \$75,000,000,000 worth of surplus war material was recommended today by the House Small Business committee.

The committee predicted in a special report that the job of handling the prospective surplus at the end of hostilities would

be "The nation's No. 1 post-war problem."

Between 10 and 15 years "might easily be required to effect an orderly and equitable distribution of these goods at the conclusion of the present emergency," it added.

The bulk of the surplus property Uncle Sam will have on hand at the end of the war, the com-

mittee said, will consist of plants, tools, equipment, fabricated and unfabricated materials.

The committee opposed pending legislation which would have the effect of postponing any affirmative action by Congress for a period of six months and made this recommendation:

Congress should not adopt any legislation which will have the net effect of delaying establishment of a central agency to handle the management and disposal of the surplus, but instead should immediately set up such an agency to provide "the maximum degree of protection and encouragement" to manufacturers and distribution firms now in business, returning servicemen, persons "currently employed in all lines of industry," and "the taxpaying group."

Shrinking Butter Supply
Provides FDA Mystery

CHICAGO, Nov. 2.—(AP)—Here is a little statistical mystery posed today by the Food Distribution Administration's review of the butter market.

(1) Production of butter in the United States during October was about 11 percent less than in the same month last year.

(2) Receipts of butter at the principal terminal markets during

the month were 30 to 35 percent under last year.

Now, what happened to that butter which constitutes the difference between these two figures?

The FDA stated academically, "this disparity must be largely due to higher interior consumption."

"Interior consumption" means disappearance at the country creamery. The patrons of the creamery in the country-side are taking a larger share of the butter produced, either because they have more points to spend or because they can get the butter without points.

Of the butter which does come, however, nearly all is described as of the very highest quality. The FDA said, "sales below 'AA' grade are a rarity." And "AA" is the top grade.

NEW YORK, Nov. 2.—(AP)—Police broadcast a general alarm today for the arrest of Edward J. Moore, 20-year-old sailor, who they said was wanted on a charge of abduction in the disappearance of Margaret Leighton Moore, 14, member of a prominent Park Avenue family.

The alarm was broadcast, police said, after Harry Nagle, a taxi driver, reported a couple answering descriptions of the sailor and girl, rode in his cab to the Pennsylvania Station at 3 A. M. yesterday. Miss Moore was last seen Sunday in the company of two sailors in Central Park.

Yugoslav Guerrillas Smash

By RICHARD McMURRAY

By The Associated Press
The Germans admitted today that Russian forces had landed in the eastern Crimea north and south of Kerch. Moscow dispatches declared other Red troops were compressing the Nazis into the peninsular death trap with a fresh advance from the sealed northern entrance.

Russian troops which cleared the western Caucasus had stood on the Taman peninsula opposite the Crimea across the shallow Kerch Straits for several weeks. Russia's old fleet dominates the Black Sea into which the Crimea juts.

Moscow advices said the fourth Ukrainian army of Gen. Feodor Tolbukhin had moved deep into the Crimea beyond captured Armyansk against growing German counterattacks. All land exits from the peninsula were cut off with the capture of Perekop yesterday.

Another arm of the fourth Ukrainian army which seized Perekop appeared moving northward toward Kherson, 60 miles away on the route to Odessa and Rumania.

The map of Tolbukhin thrusting into the Crimea were aimed at Dzhankov, main railway junction of the Crimea.

A Reuters dispatch said big groups of Germans were wandering aimlessly over the Tavrisa steppes in South Russia, giving themselves up to the Russians after being cut off from their units. At midnight, the Russian communique announced the capture of 6,000 German.

BLUDGEONED HEIRESS
LEAVES ALL TO SON

NEW YORK, Nov. 2.—(AP)—The entire estate of Mrs. Patricia Burton Loneragan, 22-year-old heiress to a \$5,000,000 brewery fortune who was bludgeoned and strangled to death October 24, is left to her infant son, Wayne William Loneragan, under terms of her will.

The will, dated August 19, 1943, was filed for probate yesterday. No mention was made of her husband, Wayne T. Loneragan, under indictment on a charge of first degree murder in the slaying.

Meanwhile, general sessions, Judge John J. Sullivan appointed Edward V. Broderick, veteran trial lawyer, chief counsel for Loneragan, who has said he lacked funds for an attorney. Milton E. Ellison and Abraham J. Halperin were named assistants.

RATIONING IS EASED

WASHINGTON, Nov. 2.—(AP)—To relieve a shortage of shoes for small children, a new supply of non-leather types will be made available ration-free about the first of the year.

The increased supply of non-leather children's shoes will general benefit youngsters up to about 8 years of age, wearing "misses" or youths' size three or smaller. Larger sizes will be rationed.

Italy's King Put On Spot
By New Premier Badoglio

SOMEWHERE IN ITALY, Nov. 2.—(AP)—King Vittorio Emanuele, Italy's monarch for 43 years, 21 of them under Fascism—was faced squarely today with the question of whether he ought to abdicate so that his war-ravaged nation could form a representative government.

The issue was put to the aged king yesterday by Premier Pietro Badoglio who told him he could never form such a government while the king retained his throne. Count Carlo Sforza, pre-Fascist

foreign minister, is said to have told Badoglio he would never join the government while the king remained in power. In this he is reported to have the backing of Benedetto Croce, noted philosopher and the National Liberation Front, which includes Italy's six political parties.

Sforza and Croce have let it be known, however, that they would not oppose a regency under the six-year-old Prince of Naples, son of Crown Prince Umberto. The National Liberation Front is said to prefer a republic.

THE WAR TODAY

New World Order Envisaged
Against Background of
Moscow Conference Results

(EDITOR'S NOTE: DeWitt MacKenzie, regular conductor of this column, is away on a brief trip.)

By SIGRID ARNE

November 1, 1943 could prove to be, in the long hindsight of historians yet unborn, the day on which the nations of the world started down the long road toward a world state.

From Moscow came the news that the great world powers—the United States, the United Kingdom, the Soviet Union, and China—propose to stick together through to unconditional surrender, and on into the peace.

The most surprising and most reassuring thread running through the declaration is that Russia and the other three "will act together in all matters relating to the surrender and disarmament," and "recognize the necessity of establishing a general organization based on the principle of the sovereign equality of all peace loving states." Russia has either renounced her lone wolf role or it was erroneously assigned to her in the first place.

The paragraph which has the Central European powers pricking up their ears says the four powers "will not employ their military forces within the territories of other states except for the purposes envisaged."

Does that mean that Russian troops will retire behind the old Russian-Polish border? Or does it just mean they will claim none of the German acres over which they tramp? And what about those Baltic states (Latvia, Estonia, Lithuania) which, after Russian occupation "voted" to join the Soviets? What about Bessarabia? Does Russia renounce all that, or part of it, for the "general international organization" which is deemed a "necessity"? The big thing is that the signatories propose to use negotiation, and not force, when the time comes for such problems to be ironed out.

The atrocities section warns that the Hitlerites who commit atrocities will be sent back to the scene of the crime for trial and punishment. It warns those without blood on their hands to preserve that happy state, or join the rest of the road to the jail house.

The Australian section promises a free and independent country, but Austria is "reminded" that she'll be credited at the peace table for whatever she does now to help herself.

The Italian section says in effect Italy will be a "more democratic" nation. The section reads out all Fascists, pro-Fascists, and Fascist institutions, and it promises the freedoms in our own constitution—freedom of speech, assemblage, the press, and religion.

This Moscow declaration reads like half a peace treaty—a happily reassuring half—but with much more to come.

LITTLE CHATS ON PUBLIC NOTICES

By JAMES E. POLLARD
Copyright, 1943

Costs Exaggerated

In a recent test case in Ohio, a daily newspaper won its suit to compel the county auditor to publish a full financial statement as provided by law. In its place, a so-called short form was used. This was so brief as to be largely meaningless. Yet publication of the complete statement called for would have cost only about a third more than the other.

In effect, the publication of such a statement is a report to the taxpayers on public business. As its owners they are entitled to know all the essential details. Reports on the expenditure of public funds are a particularly important form of Public Notice.

A favorite excuse for not complying fully or regularly with the law in this respect is the claim that it costs too much or the public treasury can't afford it. The rate of compensation for such public advertising is fixed by law. Moreover, the requirement is for the protection of the public and not for the benefit of the newspapers. It is a guarantee of public business publicly conducted.

Unlike death from most causes, mortality due to excessive heat fluctuates widely from year to year.

ANNUAL MEET OF FARM BUREAU FRIDAY EVENING

M. D. Lincoln Will Speak To Farmers Gathering at Memorial Hall

Farm Bureau families attending the 24th annual meeting of the Fayette County Farm Bureau Friday evening at Memorial Hall will have an opportunity of hearing M. D. Lincoln, president of the Cooperative League of America and one of the six delegates to the International Food Conference held at Hot Springs, Virginia, last June.

The Farm Bureau convenes on this occasion with one of its largest years of membership and having put into effect group hospitalization during the year for its members.

M. D. Lincoln

The Farm Bureau is not a commercial organization in itself, but fosters programs of education, legislation and the cooperative movement of farm people. Subsidaries of the Farm Bureau in the state will do a retail business this year of over \$20,000,000.

The evening's program will consist of reports, election of officers, passing of resolutions and the naming of three delegates and alternates to the State Farm Bureau Annual meeting to be held in Columbus, November 17 to 19, as well as a social hour.

The present officers are: A. F. Ervin, president; Harold C. Mark, vice president; Percie Kennell, secretary and Glenn Smith, treasurer. The directors, one from each township are: Concord Township, R. C. Belt; Green Township, Delbert E. Morris; Jasper Township, Ulric Acton; Jefferson Township, L. C. Allen; Madison Township, Homer L. Wilson; Marion Township, Omar Rapp; Paint Township, J. O. Tressler; Perry Township, Wilbur Wacker; Union Township, Percie Kennell and Wayne Township, Hugh Smith.

Three lady directors at large are: Mrs. Harold C. Mark, Mrs. Lawrence Black, Mrs. Lloyd Iden. Music for the evening will be furnished by the Wilmington Band-joliers who are outstanding in their musical talents and performance.

The cooperative feature of the annual meeting is that each family brings a pie and at the close, refreshments will be served.

The main speaker of the evening, Lincoln, has had a lifetime of experience as a farmer and 23 years as helmsman of a major farm organization, plugging for all farmers.

He is one of the outstanding authorities on rural economics and has a real message for every farmer.

POPULATION OF COUNTY SAID TO SHOW DECREASE

Census Estimates Total Population March 1 At 19,554

Estimates made by the Census Bureau based on war ration book 2 registration figures, place the population of Fayette County at 19,554, as of March 1, 1943, compared with 21,385 on April 1, 1940, when the census was taken.

This estimate represents a loss of 8.6 percent in population, due to many residents of the county going elsewhere for employment, but chiefly due to the large number (over 1500) in the armed forces of the nation.

While the population of the county as a whole has decreased, for the above reasons, the population of Washington C. H. is believed to have increased somewhat, due to the large number employed in defense work in the city.

How much this increase has been is difficult to estimate.

Counting the soldier population of the county and the influx of workers to this city, there is reason to believe the present population is equal to that given

by the census in 1940, or 21,385. At that time the population of Washington C. H. was listed as 9,402, and with the soldier population counted, the total in the city now is believed to be fully 10,000.

Clinton County shows a loss of 2.5 percent, and Ross a loss of 10.2 percent.

Ohio's civilian population totaled 6,822,021 on March 1 this year, 1.2 percent less than on April 1, 1940, reports from the U. S. Bureau of Census show.

Only 18 of the state's 88 counties registered any population decrease. Rural Wood County showed the greatest gain, 31.9 percent.

Noble County, with a 27.8 percent drop, had the greatest percentage loss; Pike County drop-

ped 24.2 percent; Perry, 23.8; Morgan, 22.9; Van Wert, 22.7; and Hocking, 21.1.

Mrs. Stinson Is Hostess to DAR Meeting Monday

The D.A.R. Chapter here will stage a benefit card party soon, it was decided at the meeting held at the home of Mrs. W. L. Stinson on Columbus Avenue Monday afternoon.

No definite date or place was set. The money obtained from this party will be contributed to the blood plasma fund. The national D.A.R. has already contributed \$200,000 to the fund.

Contributions to the mountain schools and to the Ellis Island hospitals for Coastguardsmen and Marines were also discussed.

Papers presented on the program dealt with South America. Mrs. Earl McLean read a paper from the national association concerning the relation of all the Americas in the war effort. Miss Corda McCafferty read a paper on Simon Bolivar, termed "the George Washington of South America." Bolivar is the man who liberated Bolivia.

No refreshments were served at the meeting as the society has decided to use money ordinarily expended for food for war work.

The next meeting will be held at the home of Mrs. Walter Craig, Mrs. Charles McCullough, director of the south-west district of the D.A.R., will be the speaker.

Couple Feted with Surprise Party

Mr. and Mrs. Eliza Sanderson, 925 Lakeview Avenue, were surprised by a group of neighbors, Monday evening, who assembled at the Sanderson home for a surprise party, feting the couple as a farewell gesture. The Sandersons moved Tuesday from Lakeview Avenue to 732 South North Street.

The guests came with well filled hampers, and a delightful and bounteous potluck supper was served at seven o'clock, after which the remainder of the evening was spent in playing games and visiting with the Sandersons.

Ater Arnold Feted With Gay Birthday Dinner Sunday

Mrs. Ater Arnold entertained with a potluck birthday dinner, Sunday, honoring her husband, Mr. Ater Arnold, upon his natal anniversary. The celebration also honored Mr. and Mrs. Kermit Mossbarger and little Connie Marie Hines, on their birthdays.

A delicious turkey dinner was served in the dining room, buffet style, from one long table prettily centered with a pink and white iced cake.

A highlight of the afternoon was when Miss Bernice Arnold of Orlando, Fla., called to wish her father a happy birthday.

The remainder of the afternoon was spent in visiting with the honored guest.

Those included were Sgt. K. L. Arnold of Harrison, Ind., Mr. and Mrs. Elwood Sauer, children, Patty Ann and Paul, Mr. and Mrs. Kermit Mossbarger, all of Columbus, Mr. and Mrs. Everett Arnold and children, Marvin and Gary Lee, of this city, Mr. and Mrs. John Diffendal and daughter, Barbara Jean of South Solon, Mr. and Mrs. Charles Leach, Jr., of Jamestown, Mr. and Mrs. Clifford Hines and daughter, Connie Marie, of Jeffersonville, the hostess and honoree.

Engagement of Jamestown Couple Being Announced

Mr. and Mrs. Raymond St. John of Jamestown, are announcing the engagement of their daughter, Miss Wanda, to Pvt. Warren Little, Jamestown, who is stationed at Huntersville, Ga. The announcement was made at a party entertained at the St. John home recently. No date has been set for the wedding.

Miss St. John graduated from Ross, Twp. High School and Pvt. Little, son of Mr. and Mrs. Earl Little, graduated from Silvercreek High School, Jamestown. Prior to his induction into the army in February, he was employed in Jamestown. He is now on ten days' furlough.

Twenty-five guests were present for the announcement party and the hostess served an ice cream course.

Mrs. A. F. Welty Feted Sunday with Birthday Dinner

Dr. and Mrs. John G. Jordan were host and hostess to a gay birthday dinner, Sunday, honoring the latter's mother, Mrs. A. Franklin Welty.

The covered dish dinner was served in the recreation room of their home and a most attractively appointed table was centered with a pumpkin, bearing a miniature man wearing a pilgrim hat and driving a turkey, all suggestive of Halloween.

Following the prolonged dinner hour, the guests assembled in the living room which was decorated with numerous vases of late summer blooms and bittersweet and spent the remainder of the afternoon visiting.

Those participating in this affair were Mr. and Mrs. Harry VanTree, of Miamisburg, Mrs. J. C. Daugherty of Columbus, Mr. and Mrs. Ernest Welty of Springfield, Mrs. Ernest Howsman of Bloomingburg, Mr. and Mrs. Harmon Welty, daughters, Mary Ann and Sally Ann, Mr. and Mrs. Frank Creamer, Miss Golda Welty, the honoree, host and hostess and son, John.

Birthday of Children Feted by Mrs. Smith

Mrs. Clifford Smith entertained with a dual birthday celebration at her home Saturday, feting her son and daughter, Harold and Norma, on their birthdays.

The guests assembled and played various entertaining and hilarious games throughout the afternoon, at the close of which light refreshments were served.

Two lovely birthday cakes centered the dining room table where the guests were seated for the serving. The children were then presented with a large assortment of birthday gifts.

The guests were Audrey School, Sharon and Jackie Rettig, Roger Davis, Joanne Miller, Margaret and Freddie Wright, Betty and Martha Irons, Lela McKinney, Leona Tillet, Kenneth Dove, Claude Coulter, Charles Hays, Jerry Donahoe, Patty and Jimmy Harper, Frank Burris, Lester and Wilma Coaliron, Martha Ann Climer, Rebecca Penrod and Helen Smith.

Lion Lineup Changed For Last Game Here Markets and Finance

Blue and White hopes for a football victory against Portsmouth East's outfit in the last game of the season here Friday night today were tacked pretty firmly on the underclassmen of the squad.

This was revealed by Coach Jerry Kissel as he stood knee-deep in football equipment and surrounded by dripping, howling and hilarious Blue Lions in the dressing room of the Field House at Gardner Park at the end of Monday evening's practice session.

Alongside, stood Assistant Coach George Miraben to lend a hand with a bit of taping of minor sore arms and legs, dabbing antiseptic on abrasions and rubbing bruises.

The boys were pretty well battered after a rough session in which they have battled to the end undiscouraged in spite of only two victories.

The veterans of the squad have borne the brunt of the beating. That is the main reason on changes are going to have to be made in Friday's lineup and also the reason why the underclassmen are being counted on for most of the chores against Portsmouth's team.

Captain Dick Kelly is still hobbling around on a bad knee; little Bill Rudduck is in the same predicament; so is Bill Curry. They may be put in during the crucial times of the game, but it was doubtful that any of them would play the full four periods.

Then to add to the difficulties, Link Schwartz is out for the season, the coach said dolefully as he looked at his right hand swathed in bandages and tape. A bone in it was broken in the game at Mt. Vernon last Friday. Link was just as sad as the coach and his teammates. "Why does everything have to happen to me," he moaned as he brushed at a black eye with the big white lump on the end of his right arm. Link has been one of the king pins in the Lion defense for the past two seasons at his tackle post.

Just what the Lion chances against Portsmouth's huskies are, Coach Kissel would not even guess. He did say how-

—Spying— On Sports By Hugh Fullerton, Jr.

NEW YORK, Nov. 2.—(AP)—Amos Alonzo Stagg, 81-year-old football coach at the College of the Pacific, receives \$3,000 a year from the University of Chicago, which retired him because of his age ten years ago, and maybe it isn't a bad investment for Chicago, which is getting nearly as much publicity from Stagg's successes at COP as it did from any of the teams turned out by his successors.

William D. Richardson, New York Times: "If they want to make the 'Take Me Out To The Ball Game' song applicable to the football season, all they have to do is substitute the word 'baugh' for 'ball'."

Bowlers in the 21 leagues sponsored by the Boeing Airplane Company in Seattle, Wash., really gave the shirts off their backs for the Bowlers' Victory Legion the other night. Each year the company awards each man \$3.50 for a bowling shirt. The 1500 pin spillers voted to turn over the money to the fund to buy cards and other recreational equipment for the armed forces overseas.

At yesterday's football writers' lunch Major Woody Wilson, Army Scout remarked: "I believe Notre Dame is completely above any college team this season."... shortly afterward Walter Kennedy, there to do the weeping for Frank Leahy, added: "I heartily agree with everything Major Wilson said. But remember he said it; I didn't say a word about our club."

Baseball Draft Reveals Little Talent in Minors

CHICAGO, Nov. 2.—(AP)—The minor league baseball orchards apparently drew a bumper crop of lemons in 1943.

That the quality of big league talent available was limited was indicated yesterday at the annual draft meeting of major league baseball representatives. They completed their business of taking the best of the minor league pickings in 20 minutes.

The market in ball players was reported decidedly dull, and although 15 players from the minor circuits were picked up in the raffle at a total outlay of \$100,000, by eight clubs, many have had previous trials in the big time.

Only 12 of the 16 big league clubs were represented at the meeting with Commissioner K. M. Landis and four of them—Cincinnati, Pittsburgh, Cleveland and the Chicago Cubs—did not file player claims.

API Men's Bowling League Lead Thrown into Deadlock

The cellar dwelling Engineers gave the league leading Heat Treaters a jolt when they met Monday night in the weekly API Men's Loop Bowling on the Main Street alleys and took two out of three games. The upset threw the race into a deadlock with the Inspectors and Heat Treaters on top with 9 wins and 6 losses.

The Heat Treaters and Engineers had one of the toughest battles to date. The Engineers took the opener by 35 pins, then the Heat Treaters came back to win the second by 63 pins, but lost the last game by four pins. Every kind of bowling was turned in in the match from a low of 85 to a top of 187.

In climbing into a tie for the league lead, the Inspectors took the last two games from the Production Control boys after dropping the opener by a wide margin. The Inspectors could not get the range in the first game but got progressively better as they went along and hung up an 872 in the finale, nearly 200 pins better than their opener.

The Office force was the hot aggregation of the evening, although they lost the last game to the Producers, when they rolled their poorest game against the best effort of the Inspectors.

COAL MINES TAKEN OVER BY GOVERNMENT WITH ORDERS TO DIG COAL

(Continued From Page One)

of the Southern Coal Operators Association, said the way seemed to be open for Secretary Ickes to call a meeting of miners, operators and stabilization authorities and added "I see no reason why such an agreement could not be worked out."

The president had warned he would take "decisive action to see that coal is mined" but agreed to wait until after the miners' policy meeting yesterday. When the policy committee deferred conclusive action the White House moved swiftly. The executive order and the president's statement were announced two hours and 15 minutes after the policy meeting ended.

"Coal must be mined," Mr. Roosevelt said. "The enemy does not wait. The mines will be opened by the government on Wednesday morning. Every miner will be expected to be at his post of duty ready to work for his government."

The seizure placed in effect penalties of the labor disputes act ranging up to a year's imprisonment and \$5,000 fine for persons guilty of encouraging an interruption of production. An individual worker, however, has the right to remain away from work but he may not legally encourage or coerce anyone to join him.

Moreover, miners might be barred from accepting other jobs under tightening manpower controls.

Reaction in the field to the president's latest move was not encouraging. Both Pennsylvania and Ohio reported a determination among the miners to stay out until a contract is signed.

21,000 OUT IN OHIO

BELLAIRE, Nov. 2.—(AP)—Ohio's 21,000 idle coal miners today awaited word from the United Mine Workers of America's policy committee to determine whether to reenter the mines under President Roosevelt's order to resume work Wednesday.

Union representatives were reluctant to talk lest anything they said might be construed as official union reaction. None would offer any predictions regarding possible settlement, of probable length of the walkout.

current military affairs over into the postwar world for maintenance of peace.

The four powers, China, Russia, Britain and America, "recognize the necessity of establishing at the earliest practicable date a general international organization, based on the principle of the sovereign equality of all peace-loving states, and open to membership by all such states, large and small, for the maintenance of international peace and security."

Further clauses pledged the Allies to consult among themselves in enforcing peace and to seek an agreement to regulate armaments.

This agreement is regarded here as the special diplomatic triumph of Secretary Hull, who at 72—on his first visit to Moscow—secured Russian and British accord on this typically American conception of international order.

RUSSIANS JUBILANT

MOSCOW, Nov. 2.—(AP)—Praising the Moscow tripartite conference as a fruitful contribution toward victory and a secure peace, the official Soviet newspaper Izvestia today devoted a three-column front page editorial to the accomplishments of foreign secretaries Hull, Molotov and Eden.

Both Izvestia and the army organ Red Star, Moscow's only morning newspapers, printed a smash picture of the conference across the entire bottom of their front pages. It was one of the biggest news spreads these important papers have given any Moscow event in which the Allies have participated.

Izvestia asserted important military decisions looking toward speeding the offensive against Hitler were made at the conference and hinted that important decisions were taken toward what Russia considers the "second front."

Slavs Smash Attack

Yugoslav patriots have smashed a German tank onslaught in eastern Bosnia aimed toward Tuzla and have held their own in Montenegro against Nazi forces attempting big-scale offensive operations across the heart of Yugoslavia, a communiqué from the Gen. Josip Broz (Tito) Liberation-Army reported today.

The war bulletin, broadcast by the Free Yugoslav radio, said the patriots took the initiative themselves in western Bosnia, capturing a village, and that Croat guerrillas destroyed a 2,000-yard stretch of railroad near Dugoselo on the Budapest to Zagreb mainline.

On the Serbian-Bosnian border the partisans claimed 105 Nazi prisoners, including 25 Mi-hailovic Chetniks.

The Montenegrin fighting centered around the town of Kolasin and the war bulletin said 250 German officers and men were slain here while huge caches of war material were captured.

Tito's headquarters declared the former Yugoslav General Ruppik, now listed as a Slovenian Quisling, was organizing a "white guard" in Slovenia to aid the Germans in their campaign against the Yugoslav patriots.

Ruppik, the communique asserted, has been charged with surrendering the plans of the Yugoslav general staff to the German high command.

ALLIES GETTING SET FOR KNOCKOUT BLOW AT JAPS IN SOLOMONS

ed out recently at conferences of General MacArthur, Admiral Halsey, Lt. Gen. Millard Harmon and Maj. Gen. Alexander A. Vandegrift.

First Rabaul's network of fields were neutralized by six October raids during which more than 800 tons of bombs pounded that New Britain fortress.

Then air fields on Bougainville and adjacent islands were cratered by more than 1,000 tons of explosives until planes no longer could take off from most of them.

Last Wednesday, American and New Zealand amphibious troops, under destroyers and air escort, landed on Treasury Island, 30 miles south of Bougainville.

Thursday, American paratroopers landed on Croiselle Island, southeast of Bougainville and Sunday night a force of warships and transports moved northwest, on past enemy forces awaiting an Allied frontal assault on south Bougainville and arrived before dawn opposite Empress Augusta Bay.

Capture of Bougainville would put MacArthur in a position to storm New Britain from both east and west as his forces already menace that island from newly won coastal positions on north-eastern New Guinea.

NAZIS FACE CATASTROPHE IN CRIMEA AS ALLIES PRESS DRIVE IN ITALY

artillery range of the communications center of Venafrò, and the Garigliano River, 18 miles above the Volturno River's mouth.

Along the Mediterranean coastal area, British elements of Lt. Gen. Mark W. Clark's army advanced four miles, seizing the town of Casanova high on the slope of Massico Ridge.

American troops farther inland won a good part of Matese, which dominates the upper Volturno valley.

The Eighth Army of the Adriatic side maintained steady pressure against the Germans, and gained some ground at the southern end of its front.

One Allied officer described these developments as "very encouraging," but said the Nazis still were fighting fiercely to hold their mountain line from Massico Ridge to Vasto. They are not retreating, he said, but are being muscled out of strategic points in bitter clashes and at considerable cost to the Allied armies.

The Massico and Matese anchors of the Germans might be described as "severely shaken," this officer added.

On Aerial Front

On the aerial front, Allied warplanes fanned out in a broad arc of attack yesterday, with U. S. Flying Fortresses blasting the naval base of La Spezia on Italy's west coast about 50 miles below Genoa.

In the push to Casanova, British troops wiped out enemy pockets under heavy shellfire from German artillery behind Massico Ridge.

They took the villages of Santa Croce and Carinola, and finally wrested Casanova from the enemy. The town, perched at 1,000-foot altitude, is of strategic importance in efforts to win the whole of Massico Ridge which dominates the lower Volturno valley from its southern slope, and the Garigliano River valley from the northern slope.

The ridge of Mount Matese, which runs in a northwesterly direction from Castello D'Alife, is about 40 airline miles inland from the coast. American forces who pushed up its side from the Cantalupo area gained positions dominating an additional section of the upper Volturno valley, and brought Venafrò within artillery range.

Between Massico and Matese,

NWF QUOTA AT HALFWAY MARK AT END OF WEEK

\$11,660 of \$22,000 Quota Reached, Report Meeting Monday Shows

At the halfway mark in point of time and a fraction over the halfway mark in meeting the \$22,000 goal, National War Fund workers are today girding their loins for a concentrated campaign during this next week in an effort to meet the quota by next Monday night.

At the general report meeting held in the little theater of Washington High School Monday night, it was determined that \$11,660 had been contributed so far.

A. B. Murray, chairman of the National War Fund Committee here, explained that workmen for the townships were not yet really underway, a statement substantiated by the low returns reported Monday night. Jasper, Wayne and Paint townships, with quotas of \$600 each, and Green and Marion townships, with quotas of \$300, had no reports to make.

Murray said that industry was also slow in sending in reports; \$816 of the \$7,000 quota has been raised. Emmett Passmore and Edwin Suntheimer, co-chairmen of the industrial committee, believe that concerns such as the Coffman Staircase Co., the Jackson Glove Co., Hagerty's Shoe Co., Morton Showcase Co. and Cudahy's Packing Plant will "come across" within the next few days.

Carroll Halliday, chairman of the retail merchant's committee, told the workers that the first week of the drive is the easiest. "The work we've done is the easiest," he said, pointing out that another report meeting of chairmen and captains would be held Thursday night at 7 P. M. in Murray's office.

Breaking down the \$11,660 already contributed, reports show that the residential committee, headed by Charles Reinke, has collected \$1,705 of the \$3,000 quota. Ward 1, with Charles Orr and Robert Terhune as captains, has come through with \$426 of its \$900 quota. Ward 2, with Robert Hook and A. E. Weatherly, report \$523 of their \$900 quota. Ward 3, headed by Gene Smith and R. W. Clark, shows \$341 of its \$600 quota. Ward 4, William Humphries and Richard R. Willis, captains, has \$415 of the \$600 quota.

Retail merchants have contributed \$1,383 of their \$2,000 quota and Gilbert Crouse, chairman of the chains and utilities committee, reports \$713 of the \$1,000 quota raised now. Glenn Woodmansee, special gifts chairman, has collected \$6,270 in contributions, a figure exceeding the \$5,550 quota.

Townships which turned in reports were Concord, captained by Mrs. Jean Nisley, which has \$231 of its \$400 quota now. Madison Township with Mrs. Wayne Bloomer as chairman, has \$120 of the \$500 quota. Perry Township, headed by Mrs. Homer Garlinger, reports \$58 of its \$400 quota. Union Township, Percie Kennell, chairman, has \$259 of its \$600 quota now. Jefferson Township, captained by Carl Boring, shows only \$104 of its \$1,000 quota.

HAD WRONG LICENSE; FINED \$20 AND COSTS

For having the wrong license plates on his automobile, William Alltop was fined \$20 and costs in Judge S. A. Murry's court, Monday afternoon.

He was picked up for the offense over the weekend.

WANTS DIVORCE

Suit for divorce, alimony and restoration to her maiden name has been filed by Mabel Whitmer against Jesse P. Whitmer, whom she married at Newport, Ky., August 9, 1930. Neglect of duty is charged by the plaintiff, who is represented by E. L. Bush.

FORECLOSURE SUIT

Suit for foreclosure of a mortgage on property owned by the Fred W. Mabry estate, in Jeffersonville, is asked by the First Federal Savings and Loan Association, against Clara B. Atwell and others, with Rell G. Allen representing the plaintiff in the suit.

It is stated in the petition that Fred W. Mabry died December 24, 1937, and no administration of the estate was made. Plaintiff states that there is due plaintiff from the estate the sum of \$379.48 based on a promissory note executed April 16, 1937, and asks that a mortgage on lots 24 and 25 in Howard's addition, Jeffersonville, be foreclosed, the property sold, and plaintiff paid the amount due on the note.

DAR WILL PACK CHRISTMAS BUDDY BAGS AS PROJECT

As another project, the D. A. R. here will fill and pack Christmas buddy bags to be sent to men in the armed forces, it was learned today. Unlike the kit bags packed by the Red Cross, buddy bags may be sent to a destination chosen by those who fill the bags. The bags packed here may be sent to the Fletcher General Hospital in Columbus, Mrs. George Robinson indicated.

The exact number of buddy bags to be packed will depend on the willingness of chapter members to fill them, Mrs. Robinson said.

AS DALE TOOL MEMBER OF NAVAL CHOIR OCTETTE

A-S Dale Tool, son of Mr. and Mrs. Eldon Tool, has been chosen as a member of the octette of the Great Lakes Naval Training Station Choir. A-S Tool was selected as a member of the choir shortly after he left for the naval station in October.

The director of the choir is a former professor of music at Denison University.

LACK OF MATERIAL TIES UP TREATMENT

So far the bituminous material for surface treating Route 22 from the end of the paving at Johnson's Crossing, to the New Holland corporation line, has not arrived.

The work was to have been started 10 days ago, but failure of the material to reach the State Highway Department plant here has tied up the work indefinitely.

236 TITLES FILED DURING PAST MONTH

During the past month 236 titles of motor vehicles, all used vehicles, were registered at the office of county clerk, Mrs. Olive Icenhower.

The number is about an average for the month.

DRAFT BOARDS TO RECLASSIFY DELINQUENTS

Will Place Them in 1-A and Other Classes for Induction

The Fayette County Selective Board, like all other draft boards in the nation will start at once reclassifying all registrants who are delinquent, and prepare to induct them without delay.

The action was decided upon at a conference between Selective Service officials and the United States Department of Justice, held recently.

There are several delinquents in the Fayette County list, it is pointed out.

Starting immediately all registrants of military age who are delinquent or become delinquent will be immediately reclassified to 1-A, 1-A-O, or IV-E and ordered to report for induction into the armed forces or for assignment to a conscientious objector's camp.

Failure to comply with the order on the part of the registrant will result in the immediate referral of the case to the United States attorney for investigation and prosecution under the penal provisions of the Selective Training and Service Act of 1940, as amended.

"Under the new policy," Colonel Goble explained, "a local board may classify a military age delinquent to Class 1-A, 1-A-O or IV-E without a physical examination and without a questionnaire. Therefore, a registrant may no longer secure a delay in his classification by reason of his overt act of delinquency. It is therefore of the utmost importance that a registrant keep in contact at all times with his local board. Otherwise, he may be cited for delinquency, apprehended by the Federal Bureau of Investigation, indicted, and face trial in the United States District Court."

"We are also aware of the fact that there are a few male persons in Ohio between the ages of 18 and 45 who have failed to register under the Selective Training Service Act of 1940, as amended," Colonel Goble stated. "Such persons will be given the benefit of a doubt as to whether they are willful delinquents, provided they voluntarily report to a Selective Service Board for registration. However, if reported by others and apprehended all delinquency cases will be vigorously prosecuted under provisions of the law."

GRADING FINISHED FOR INTERCHANGE

Work of grading for the long interchange tracks between the D. T. & I. Railroad and B. & O. Railroad just north of this city, has been completed and the work of laying the steel will be done as soon as possible.

The new interchange, being built by the D. T. & I. Railroad, will greatly facilitate interchange of cars between the two roads at this point.

BOYS ARE ROUNDED UP FOR HALLOWE'EN PRANK

Four boys, part of them from the rural areas, and part from this city, were taken into custody by police Monday in connection with destroying a valuable stone vase and removing another one from the veranda of the Ralph Penn home.

One of the quartet admitted his part in the vandalism and involved the other three. They were also suspected of other damage.

All were to appear in Juvenile Court, Tuesday.

He was then taken to Auckland, New Zealand where he received fine treatment by the people there. He is now in the Torrey General Hospital, Palm Springs, Calif. and expects to be home on convalescent leave.

REFORMATORY SHOW TO BE HELD AGAIN

Inmates To Stage Festival at Marysville Institution

The seventh annual show, staged by the inmates of the Ohio Reformatory for Women at Marysville will be held this week, Superintendent Marguerite Reilly announced today. This all-inmate show, open to the public, will stage four performances—one each on Wednesday, Thursday and Friday at 8 P. M. and on Sunday at 2:30 P. M.

In the past, people from Fayette County have attended performances of this revue at the Ohio Reformatory for Women. Whether or not anyone can spare the gasoline for the trip this year is conjectural. "They do have some remarkable talent in dancing and singing" one man who has witnessed the musical comedy shows said.

Titled "Fall Festival" this year, the proceeds from the show will be used for the institution's welfare fund which supplies inmates at Marysville with movies, a beauty shop and recreation projects, Superintendent Reilly said.

During the last show, staged in the spring of 1942, more than 3,000 people saw the four public performances. In this year's production, a cast of about 50 inmates is used. All of the women who take part in the show are members of the institution's dramatic organization and must earn the right to participate in shows by possessing good conduct records.

The production is under the supervision of Mrs. Tresor Wilson, musical director. Miss Jean Reilly, daughter of the superintendent, is dancing instructor for the 1943 revue.

Mrs. Reilly said that reformatory officials were undecided until recently whether to stage their annual show this year. However, inquiries showing much public interest in the production caused officials to go ahead with the 1943 production.

In one active day in North Africa, the Allied Air Forces consumed 1,500,000 gallon of high octane gasoline.

TIRE RECAPPING EMPHASIZED AS QUOTAS ARE CUT

Owners Who Have Taken Care Of Tires Are To Be Given First Consideration

With the shortage of truck tires growing more serious, those operators who have been practicing conservation by having their tires recapped will receive first consideration against the available quota, it was said at the office of the county's Ration Board. The operators who have failed to have their tires recapped will have to "wait and take their chances," it was said.

"There will be some trucks unable to operate because of lack of tires and it will be those whose owners have been abusing their tires," it was said.

It was pointed out also that automobiles, regardless of whether they have C or B gasoline ration books, must have their tires recapped at least once.

The prediction has been made that many motorists may have to jack up their cars when their tires wear out as another drastic cut in November tire quotas was disclosed. The allotment for the month in this district, it was pointed out, was 41 per cent fewer passenger tires than for October; 33 per cent fewer truck tires and 37 per cent fewer tires for tractors and implements. This was a new all-time record low.

With the suggestion that automobile and truck owners should take steps immediately to have their tires recapped and repaired, it was said that a check on cars in parking lots showed approximately half of them were in need of attention. It was added that 75 per cent of these cars were eligible for no better than using tires and that these are becoming "poorer and poorer in quality."

BAR MEMBERS HERE TO ATTEND MEETING

Post-war Problems Will Be Discussed

Members of the Fayette County Bar Association will attend the fall meeting of the Ohio State Bar Association to be held at the Deshler-Wallick Hotel, Columbus, Thursday, Friday and Saturday of this week, where some 500 members of the association will discuss post war planning and post war problems generally.

A number of prominent speakers have been engaged to address the bar members.

The Friday evening banquet will be addressed by Dr. Leonard Guenther upon the subject "I Lived and Practiced Law Under Hitler." Dr. Guenther was born and educated in Germany. Prior to coming to the United States in 1938 he was corporation counsel for the German Branch of the Zurich Insurance Company of Switzerland.
